CERTIFICATE OF LISTING

IAPMO Research and Testing, Inc. is a product certification body which tests and inspects samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO Research and Testing, Inc. of the product acceptance by Authorities Having Jurisdiction.

The most updated information on this Certificate of Listing is available online at pld.iapmo.org

Effective Date: June 2016

Void After: June 2017

Product: Residential and Commercial Water Filters

File No. WC-9853

Issued To: Aquathin Corp.
950 S. Andrews Avenue
Pompano Beach, FL 33069

Identification: Each product shall be permanently and legibly marked by means of a permanent plate(s) or label(s) affixed in a conspicuous location to the system. This information shall include the equipment name and primary functional description, model number and/or trade designation, name and mailing address of the manufacturer, minimum and maximum working pressure, minimum and maximum operating temperature, a statement that the filter conforms to WQA S-200 for the specifically claimed performance; and a statement that the filter is not intended to be used for treating water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system. Product shall also bear the IAPMO Classified certification mark.

Characteristics: This standard establishes certain minimum performance, design, and material requirements for residential and commercial water filters for use on potable public or private drinking water supplies considered to be microbiologically safe.

Products listed on this certificate have been tested by an IAPMO R&T

Chairman, Product Certification Committee

CEO, The IAPMO Group

This listing period is based upon the last date of the month indicated on the Effective Date and Void After Date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of the Product Certification Committee, or any evidence of non-compliance with applicable codes and standards or of inferior workmanship, may be deemed sufficient cause for revocation of this listing. Production of or reference to this form for advertising purposes may be made only by specific written permission of IAPMO Research and Testing, Inc. Any alteration of this certificate could be grounds for revocation of the listing. This document shall be reproduced in its entirety.
