

Dear Aquathin Dealer OnLine;

1200+24k TESTIMONIAL.doc

Aquathin enjoys collecting many "ataboyz" = "Letters of Satisfaction" throughout the year from you and your Customers...and many are published in the Aquathin Master Catalogue, Salesman's Presentation Manual, Aquathin Website and hang on our Walls of Fame...and most importantly, duplicated into your own Presentation Manuals. Occasionally, I share in advance of publication, unique Letters of Satisfaction and Test Data that you and your prospective Customers will enjoy.

Jim Carnes, a good friend and President of Integrated Process Solutions, an Authorized Aquathin Dealer in Georgia (and member of Team Sweetwater), mid last year visited with COSco, a large international cosmetics manufacturer who also sells a large portion of their product line on QVC Shopping Network, to discuss their issues on water quality, batch control and heavy costs of DI water and DI exchange tanks used in their processing. Jim installed TGST-1.5 pretreatment, 1200+24K Commercial RO with DTTC Tank Controllers, Lab10.2 and UV recirc to achieve a quality of organic free, bacteria free ultrapure water exceeding the DI exchange tanks (again, only Aquathin RO). Attached herewith is COSco's Letter of Satisfaction. Enjoy!

I LOVE MY AQUATHIN ! AND REMEMBER, THE NEXT BEST THING TO OWNING AN AQUATHIN IS RECOMMENDING ONE TO A FRIEND !!

Let me know what you AquathinK !

Warmest regards to all...as well, your comments are always welcome and very much appreciated.
