Subject: ITS GOOD TO BE THE KING !

Dear Aquathin Dealer OnLine;

Here at Aquathin Corp. USA, we always are receiving some pretty terrific commercial and lab testimonials from "your Customers" that become published in the Master Catalogue and Planner. We also receive a heck of a lot Consumer letters, emails and calls. Below are a couple recent arrivals; one from a satisfied Customer of 8 years (who was referred to Aquathin of Missouri) and another of 16 years.

Also, today we received an antique 18 year old HPSSP-2 (for those of you who remember, its the original pumped subsink, noisy as can be, but kept on ticking !) for rennovation, and a call from a brand new Customer in New Hampshire who loves the taste from her new Aqualite and lavished praises on the tech's courtesy and installation. Its good to be the King !

Always keep your letters of satisfaction a growing collection in the hands of your Sales and Tech Team. They help make a super presentation even more super...and No One Does It Better Than You Do !

Warmest regards to all...as well, your comments are always welcome and very much appreciated.

Testimonial -

I want to tell you how pleased I am with the watersoftener I bought from your company back in I've never had to do any maintenance on it, I just fill it with salt and it softens our water just righ when I have had any questions, I've called your company and received immediate help. I wish products were so efficient, low maintenance and were supported so well !
