**Subject:** NEW AQUASHIELD POSTER IN SPANISH

*Dear Aquathin Las Americas Member;*

*This past weekend we were pleased to receive Sr. Eric Moya from COFASC, Aquathin Costa Rica, and his son Gabriel ( who enjoyed the annual Ft. Lauderdale Air and Sea Show). COFASC has done a great job in building display materials for the AquaShield. These materials (banners, brochures, posters, counter displays) are just some of the items they intend to share at Las Americas 2001.*

*However, in advance, we have been given the artwork which you will see attached herewith (it is a large file which you may have to open separately), for making into laminated posters in Spanish. Hence you may order the AquaShield display and or poster in either the Spanish poster or English poster versions.*

*I would like to see greater activity for the presentation of AquaShields. Personally I have devoted attention into countries not yet serviced by Aquathin Dealers and have managed to establish distributors in Brazil, Mexico City and U.A.E. Shortly there will be a press release into the trade journal Rotation Magazine, that is received by all tank manufacturers around the world.*

*Warmest regards to all,*
