**Subject:** MARKETING TO EMBASSIES

Dear Aquathin Dealer OnLine **with special attention for International Dealers;**

[U.S. COMMERCE DEPT. LTR..JPG](#)

*You are aware that Aquathin received the highest honor in export, the prestigious President's Excellence Award in Export, only awarded to 50 companies in any one year. We have provided our International Dealers letters of introduction from the U.S. Embassy in your respective countries to assist in your success and many of you have participated in Embassy functions including providing Aquathin systems for water security.*

*I had been appointed by the U.S. Commerce Department for three terms to the Florida District Export Council (DEC) and recently elevated to Alumni status. The DEC is a select group of business professionals in collaboration with the local U.S. Commerce Department Offices, whose goal it is to assist companies to be successful international players. Attached herewith is a letter received this week, from U.S. Secretary of Commerce Donald Evans congratulating and thanking us for the history of our service thus far. This letter will be added to the Aquathin Master Catalogue.*

*I cordially invite our International Dealers, when meeting with U.S. Embassies and Embassies of countries friendly to the U.S., to add this letter to your arsenal of credentials, presenting these accomplishments introducing your esteemed reputation as an Authorized Aquathin Dealer and the quality products and services your offer. You are the only company that carries this clout, and its there for you to use to your advantage.*

*Warmest regards to all,*
