Subject: PROTOTYPE: AQUALITE + AQUAKING BLEND
Importance: High

Dear Aquathin Dealer OnLine;

[prototype 1a](#) [prototype 1b](#)

Several Aquathin Dealers have asked us to consider "marrying" the Aqualite and AquaKing. Attached herewith is the absolute most compact prototype design possible...and remains very easy to service annually. Such a combination would present ultimate robust prefiltration with prefiltration longevity, Customer can view the debris accumulating in the prefilter housings, with full automation. Prefilter combinations can include the 100+AS AquaShield. Please review...while seeing this prototype frame still isn't anodized and silk-screened labeled...remember this is a prototype. System cost would be very close to an Aqualite plus T-PFP combined. If we went forward, this unit would be considered the Aqualite upgraded...we would not do away with the Aqualite.

OK, let me know what you all AquathinK...do you like...can you sell it...recommendations...aaaaaaaaaaaaand what should we name it!

I LOVE MY AQUATHIN ! AND REMEMBER, THE NEXT BEST THING TO OWNING AN AQUATHIN IS RECOMMENDING ONE TO A FRIEND !!

Warmest regards to all...as well, your comments are always welcome and very much appreciated.
