[THE FIFTH FUNCTION OF WATER pg2.JPG](#)

*Over the weekend, I watched a report on CNN that stated one of the potential leading causes for Alzheimer's may be due to overeating....not from the caloric intake, but the effects of toxins building up over time from the body's failure to be able to rid itself of accumulated toxins. Many of our oldest Authorized Dealers and Clients remember that Aquathin wrote articles and participated in medical seminars and groups concerning the causes of degenerative diseases and cancers are directly related to the efficient (or lack thereof) removal of toxins....and that flushing our systems with purified demineralized water helps to achieve this goal.*

*As a reminder, attached herewith are two of these articles. "Pure H2O" and "The Fifth Function of Water" ....which are as timely today as when originally published.*

*I know that many Authorized Aquathin Dealers enjoy forwarding our Splash NewsBulletins onto their own client emailing lists. All Aquathin Warranty Cards have been upgraded to include a space for email addresses just for this purpose.*

*Warmest regards to all,*

FOR THE BEST TASTE IN LIFE

Think Aquathin..AquathinK !!

*Celebrating our 22nd birthday in 2002 !!!*

(visit the allnew <http://www.aquathin.com>)
