CERTIFICATE OF LISTING

IAPMO Research and Testing, Inc. is a product certification body which tests and inspects samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO Research and Testing, Inc. of the product acceptance by Authorities Having Jurisdiction.

This certificate is not evidence of current listing. To verify listing status, visit the IAPMO R&T Product Listing Directory at pld.iapmo.org

Effective Date: July 2023

Void After: July 2024

Product: POINT-OF-USE LOW PRESSURE REVERSE OSMOSIS
DRINKING WATER SYSTEMS

File No. WC-9854

Issued To: Aquathin Corp.
950 S. Andrews Avenue
Pompano Beach, FL 33069

Identification: Each product shall be permanently and legibly marked by means of a permanent plate(s) or label(s) affixed in a conspicuous location to the system. This information shall include the equipment name and primary functional description, model number and/or trade designation, name and mailing address of the manufacturer, minimum and maximum working pressure, minimum and maximum operating temperature, a statement that the RO conforms to WQA S-300 for the specifically claimed performance; and a statement that the RO is not intended to be used for treating water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system. Product shall also bear the IAPMO Classified certification mark.

Characteristics: This standard establishes certain minimum performance, design, and material requirements for reverse osmosis systems for use on potable public or private drinking water supplies considered to be microbiologically safe. Such systems are designed to operate at a working pressure of 150 psi or less.

Products listed on this certificate have been tested by an IAPMO R&T

Chairman, Product Certification Committee

CEO, The IAPMO Group

This listing period is based upon the last date of the month indicated on the Effective Date and Void After Date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of the Product Certification Committee, or any evidence of non-compliance with applicable codes and standards or of inferior workmanship, may be deemed sufficient cause for revocation of this listing. Production of or reference to this form for advertising purposes may be made only by specific written permission of IAPMO Research and Testing, Inc. Any alteration of this certificate could be grounds for revocation of the listing. This document shall be reproduced in its entirety.

MODELS:

Product Type: Countertop with Storage Tank:

<u>Brand Name</u>	<u>Model Number</u>	<u>Performance Claim</u>
Classic Traveler	RDT-2, C12	TDS
Classic Traveler	RDT-XT, C12	TDS
Kitchentop	KT90x-2, C12 ¹	TDS
Kitchentop	KT90x-XF, C12 ²	TDS
Spacesaver	SS90-2, C12	TDS

1 The x in the KT90x-2, C12 model refers to the following models: KT90W-2, C12; KT90S-2, C12; KT90B-2, C12. The "W" indicates a white, "S" indicates the smoke grey, "B" indicates the ice crystal blue model.

2 The x in the KT90X-XF, C12 model refers to the following models: KT90W-XF, C12; KT90S-XF, C12; and KT90B-XF, C12. The "W" indicates white, the "S" indicates the smoke grey, the "B" indicates the ice crystal blue model.

Product Type: Systems with Storage Tank and Automatic Shut-off Valve:

<u>Brand Name</u>	<u>Model Number</u>	<u>Performance Claim</u>
AquaKing	AK40	TDS
AquaKing	AK 40 DI	TDS
Aqualite	AQL-2, C12	TDS
Aqualite	AQL-XF, C12	TDS
Platinum	PLT90-2, C12	TDS
Platinum	PLT90-XF, C12	TDS
Platinum	PSS90-2, C12	TDS
Platinum	PSS90-XF, C12	TDS
